

# Portable Alcohol Monitoring

**Affordable • Reliable • Accurate**

## **PORTABLE ALCOHOL MONITORING DEPENDABLE AND AFFORDABLE**

- Real-time and evidentiary-quality reporting
- Up to 24 programmable, random, or on-demand tests per day
- Wide-angle camera allows for witnessed testing
- GPS assures client compliance
- Text & Email reporting options
- Truly mobile & easy for clients to use
- Detects low BAC 'Maintenance Drinking' missed by other units
- No stigma of tethered CAM units

## **DEPENDABLE TECHNOLOGY AT AN AFFORDABLE PRICE**

Portable Alcohol Monitoring by LifeSafer® meets or exceeds rigorous national standards for accuracy and reliability. Your client's biggest priority is program compliance which means testing accuracy is critical. With this device, false positives are not an issue. As the experts in alcohol monitoring technology, LifeSafer is committed to providing evidentiary-quality results.

Cost should not be a barrier when participating in a court ordered program, under pre-trial, parole, and/or probation supervision, or in a family law matter. That's why LifeSafer offers a low monthly monitoring fee on the most reliable, fully-featured device available. We don't think clients should sacrifice accuracy for a lower payment. We think they deserve both.
