## **STEP 1**

Visit an RMV Hearings Officer for a hearing. The Officer will explain what you need to do to get a hardship license or full reinstatement and give you the necessary forms. These forms must be notarized. Requirements can include an alcohol treatment program. For hardship, you will need a letter from your employer or proof of self-employment.

## **STEP 2**

Return to the RMV Hearings Officer and submit the notarized affidavit(s) for approval of license reinstatement with an IID restriction.

## **STEP 3**

Call LifeSafer Ignition Interlock **855-527-1597** to schedule your installation. Ask about special offers.

## **STEP 4**

Once the IID has been installed, bring the completed proof of installation to a Hearings Officer. A "Z" restriction will be added to your license, meaning you can only drive if an ignition interlock has been installed. You must pay the reinstatement fee and pass a learner's permit exam, if applicable.
