STEP 1

Contact the Vermont DMV at **802-828-2061** to make sure that you are eligible for an RDL. If your license has been suspended for a DUI in Vermont, you can apply for a Restricted Driving License (RDL) which allows you to drive provided you have an ignition interlock device installed on your vehicle. You will receive a packet of information from the DMV in the mail.

STEP 2

Apply for an RDL at the Montpelier DMV office. Pay the \$125 application fee or \$150 for an Enhanced Driver's License (EDL).

Note: This is a yearly RDL renewal cost.

STEP 3

Call LifeSafer Ignition Interlock at **855-527-1597** to schedule your ignition interlock installation. Ask about offers and money-saving discounts!

STEP 4

You will need an SR-22 or other proof of financial responsibility. An insurance agent can help you with this. You will need proof of enrollment in an alcohol and driving education program, approved by project CRASH. An authorized project CRASH agent will have to complete form TA-VL-81.

If your license was revoked or has been expired for three or more years, you must take the eye, written, and driving exams prior to obtaining an RDL. Call 802-828-2061 for further information. If you are taking your written test, then you will receive your RDL that day after you pass the test and provide all your documents. If not, you can come to the Vermont DMV and present your completed paperwork. You will be issued your RDL on the spot.

The information presented is not legal advice and is subject to change without notice. You should seek appropriate counsel for the most up to date information relating to your own specific situation.
